We at NEFIT have enlisted a few points as to ' What ails the ICD Amingaon? ' and offered our humble suggestions as to what can be done to boost EXIM trade through the ICD at Amingaon, and make it a flagship entry-exit point of International Trade to and from North East India (details attached herewith). All our hope lies at your doorstep as you are the senior most members from North East India in the Union Cabinet and your words carry great weight with no less than our visionary Prime Minister, Shri Narendra Modiji.

Therefore, we would like to request you to kindly go through the problems and suggestions attached herewith and initiate necessary action at your convenience earliest.

Thanking You

With best regards,

Yours Faithfully
