

7. NEFIT is closely working out with a project with collaboration with SAP-INDIA to build up a digital platform to Gaining Access to Global Marketplace, Digitally Skilling Workforce and Digitally Transform Businesses under the Global Bharat Program for supporting MSMEs as EODB perspective in North East Region of India.

8. Urgent requirement of signing of a Trade and Transit Treaty with India, Myanmar and Thailand to stop smuggle of third country goods which are generally entered through Moreh (Manipur) and Zokhawthar (Mizoram) Land Customs Stations. Daily approximately there is a transaction of not less than 1000% of official trade. Strong monitoring required on Illegal trade of agriculture commodity from third country, prohibited plant propagating material like seeds may come from China through the land border of Myanmar and Bangladesh.

9. North East Region needs International flights connectivity to reach the global access. Urgent facilitation of flights connectivity required like originated from Bangkok via Guwahati to New Delhi/ Mumbai final destination to Dubai which definitely facilitates the trade of perishable commodities of this region.

Therefore we would request your kind attention to the above mentioned issues to promote trade activities from this region. TEAM NEFIT always trying to promote North Eastern Region of India, especially people to people contact, Trade activities and increase of mutual understanding among the neighboring countries with particularly reference to Act-East policy undertaken by Government of India and propagated by our visionary Hon'ble Prime Minister, Shri Narendra Modiji. We strongly believe that our issues will be well taken up by NITI AAYOG so that proper policy could be adopted for Entire North East Region of India.

Look forward to hearing from you soon while you please stay safe and healthy.

Yours Sincerely,

(R.C. Agrawal)

President

North East Federation on International Trade (NEFIT)
